**Re: 2006 Annual Report of Seafood Discharge for NPDES Permit No. AK-G52-00547**

Attached is the Annual Report for 2006 for seafood discharge through the new City and Borough of Sitka's outfall into Silver Bay, near Sitka, AK. Baranof Frozen Foods (BFF) was the only processor located at Sawmill Cove Industrial Park (SMCIP) to discharge through the new line. The discharge point is located at Latitude 57 02' 21.6", Longitude 135 13' 29.6" at a depth of - 210 ft. MLLW.

It is noteworthy that during 2006 BFF disposed of seafood wastes in four separate fashions:

- a) ground and pumped through the outfall line,
- b) delivered to Alaska Protein Recovery,
- c) dumped by the Eyak under a dumping permit and
- d) ground, frozen and sent to Omega Sea for processing into fish food.

BFF attached several pages to the annual report form, detailing these different discharges by species and month of production.

Soon CBS will issue a revised NOI for 2007 seafood discharge through this outfall.

If there are any questions or comments on BFF's discharge report or the SMCIP outfall please don't hesitate to contact me at [markb@cityofsitka.com](mailto:markb@cityofsitka.com) or (907) 966-2256.

Sincerely,

Mark Buggins  
Environmental Superintendent

C John Stein, CBS Administrator  
Mark Ojala, CBS Chief WWFO

Katy Mckerney, ADEC - JNU

# ANNUAL REPORT FOR YEAR 2006

## NPDES GENERAL PERMIT AK-G52-0000 FOR SEAFOOD PROCESSORS IN ALASKA

TO BE SUBMITTED BY FEBRUARY 14<sup>th</sup> FOLLOWING EACH YEAR OF OPERATION  
(See Part VI.B. of the Permit)

The annual report serves to inform the regulatory agencies of the use and potential degradation of public water resources by facilities discharging pollutants to receiving waters in Alaska under this permit.
